Oscar 2014 goes to looks by TIGI

Ayesha Mistry from TIGI India decodes the looks of seven Hollywood stars who walked the red carpet at the 86th Academy Awards this year

Amy Adams

On washed hair apply TIGI's Candy Fixations Totally Baked for volume and hold. Blow dry hair with a slight wave. Part hair to the left and separate the top section. With the rest of the hair, make a French roll and secure with bobby pins. Spritz TIGI's Bedhead Massive Shine Hairspray on the top section and tong using a medium-size barrel. Let the wave cool. Brush it, pull back, away from the face and combine with the roll. Secure with bobby pins and hold with hairspray.

Bradley Cooper

On dry hair, use TIGI's Bedhead Wax Stick throughout in a circular motion to create texture and separation through the hair. Tame the sides down and flat. Fingers set the crown area to the left and slightly twist the ends of the hair to show more separation.

Chrissy Teigen

On towel dried hair, use TIGI's Bedhead Foxy Curls Contour Cream through the mid length and ends of the hair. Apply TIGI'S Bedhead Superstar Queen For The Day on the roots and throughout the hair for volume and thickness. Blast dry. Use a small round brush and blow dry the hairline away from the face with volume. Use a large tong and create waves through the hair, once again working away from the face. Touse with fingers to open out the curls. Use TIGI's Rockaholic Fun Times Flexible Hairspray for hold, but allow movement in the hair.

HAIRChalk Make-up for hair

L'Oréal Professionnel introduces exclusive temporary hair colour services for salons in awe-inspiring shades

Stay atop fashion trends with L'Oréal Professionnel's HAIRChalk, a fun new way to spark up your style with bright and vibrant hair colours. HAIRChalk is the first professional temporary hair colour service which gives you authority to be trendy yet creative as often as you want.

Available in six exciting shades including Sweet Sixteen Pink, First Date Violet, Blue

Ocean Cruise, Garden Party Green, Coral Sunset and Bronze Beach.

Unique

HAIRChalk is a temporary hair colour as it has a water-based ink. Formulated with micro-fibre polymer that creates an ultra-thin film which sticks to hair for a short duration of about two to 10 washes, as per the hair

type. The best trait of HAIRChalk is that it does not transfer onto clothing like other temporary hair colours. The service is also super-quick; it takes less than 20 minutes for an application.

Available exclusively at L'Oréal Professionnel Salons across India.

Lakmé Fashion Week Summer/Resort '14 Mélange of hair couture, make-up artistry

Lakmé Fashion Week S/R '14 was a mesmerising fusion of hair couture and out-of-the-box make-up beliefs. *Salon India* handpicks a few looks that were high on the fashion quotient and grabbed eyeballs

TOP KNOT, BRIGHT POUT

Designers: Aarti Vijay Gupta, Abdul Haldar and Prem and Khushboo

Hair: It was rolled up on the head and the sides were slicked back. This not only added height, but appeared an attractive fusion of the east and west.

Make-up: White kohl made its mark as did frosted colours worn as eyeshadows. Lips attracted attention with shades of pink, silver and coral.

Madhuri Dixit Nene Dance is the secret

At 46, Madhuri Dixit Nene's beauty renders many speechless. Is it genetic or acquired? With *Salon India*, the diva shares her beauty and workout secrets

by Aarti Kapur Singh

She defies age, but Madhuri Dixit Nene's face still looks as fresh as a dewdrop. A mother of two, Arin, 10 and Ryan, 8, she credits her beauty to a healthy lifestyle, regular exercise and a good amount of sleep. Her skin continues to be taut and radiant, eyes glitter like jewels and her smile can halt the traffic. And she knows it's not all skin deep. When asked what beauty is to her, Madhuri says, "Beauty is in the eye of the beholder and what is beautiful to one need not be beautiful to the other. But one must always work to feel and look good." Here's to a free-wheeling chat with the one woman who needs nothing, but a smile to look dazzling...

Riya

Step 1: Begin at the back left section. Take a parting parallel to the section line, project at 90° and sculpt parallel to the parting line.

Step 2: Move to the back and take a parting parallel to the sectioning line. Project at 90° from the curve of the head and sculpt parallel.

Step 3: Move to the fringe side and release a horizontal parting. Distribute naturally with one finger projection and notch a concave line. Work from the centre.

Step 4: Move to the small section on the right side. Use perpendicular distribution, length guide from the fringe.
