## KEEPING UP WITH THE TIMES MALLS EMBRACE TECHNOLOGY

Discussion and debates today revolve around the survival of the physical retail space in wake of the onslaught brought in by e-commerce. Doing away with all such apprehensions, experts feel that offline retail can beautifully coexist with online retail.

|  |    |
|--|----|
| <b>FUNDAMENTALLY</b><br>Depending on factors like its niche quotient, a high street can be categorised as a destination or transit-oriented one.           | 58 |
| <b>PERSPECTIVE</b><br>Malls are experimenting with a mix of brands with a higher recall value in well performing segments.                                 | 60 |
| <b>DESIGN</b><br>There are many flooring choices available to store designers – but some will be more viable than others.                                  | 62 |
| <b>TRENDING</b><br>Mall owners looking for a defense strategy to ensure the viability of their retail assets are experimenting with different combination. | 64 |
| <b>VIEW POINT</b><br>Today, most good mall developers have a long-term strategy to enhance the value of their malls.                                       | 66 |
